SECTION A

Very Short Answer Type Questions

अति लघु उत्तरीय प्रश्न

Attempt all five parts of Q.1. Each part carries 2 marks.

प्रश्न 1 के सभी पाँच भाग अनिवार्य। प्रत्येक 2 अंक।

5 × 2 = 10 Marks

Q.1 (a) **Give one synonym and one antonym of: Abundant, Fertile, Scarce, Rapid.** **2 Marks**

दिए गए शब्दों के एक समानार्थी व एक विलोम शब्द लिखिए।

Word	Synonym (समानार्थी)	Antonym (विलोम)
Abundant प्रचुर	Plentiful	Scarce
Fertile उपजाऊ	Productive	Barren
Scarce दुर्लभ	Rare	Plentiful
Rapid तीव्र	Quick	Slow

Remember (याद रखें)

Synonym = same meaning; Antonym = opposite meaning.

समानार्थी = समान अर्थ; विलोम = विपरीत अर्थ।

Q.1 (b) **Use the following homophones in sentences: (i) principal / principle (ii) weather / whether** **2 Marks**

दिए गए समध्वनि शब्दों का वाक्यों में प्रयोग कीजिए।

Word	Meaning	Sentence
Principal	Head of an institution; main	The principal of our college inaugurated the Kisan Mela.
Principle	Rule, belief	Honesty is the first principle of a good farmer.
Weather	Condition of atmosphere	The weather is suitable for wheat sowing.
Whether	If (expressing doubt)	I do not know whether it will rain today.

Homophones: words with the same pronunciation but different spelling and meaning.

समध्वनि शब्द: उच्चारण समान, वर्तनी व अर्थ भिन्न।

Q.1 (c) **Fill in the blanks with suitable articles / prepositions: (i) ___ farmer bought ___ acre of land near ___ Ganga. (ii) The seeds were sown ___ June and harvested ___ October.** **2 Marks**

उचित आर्टिकल / प्रीपोज़िशन भरिए।

Answer (उत्तर)

(i) A farmer bought an acre of land near the Ganga.

(ii) The seeds were sown in June and harvested in October.

(i) A, an, the (ii) in, in

Rules (नियम)

- A before consonant sound (a farmer)
  व्यंजन ध्वनि से पहले a
- An before vowel sound (an acre, an hour)
  स्वर ध्वनि से पहले an
- The before rivers, unique things
  नदियों, विशिष्ट वस्तुओं से पहले the
- In months, years; on days, dates; at time
  माह में in, दिन में on

Q.1 (d) **Correct the following sentences (subject-verb agreement): (i) Each of the students have a lab manual. (ii) The quality of these seeds are good.** **2 Marks**

कर्ता-क्रिया सामंजस्य के अनुसार वाक्य सुधारिए।

Corrected (सही वाक्य)

(i) Each of the students has a lab manual.

(ii) The quality of these seeds is good.

(i) has (ii) is

Rule (नियम)

The verb agrees with the real subject: "each", "every", "the quality" are singular, so they take a singular verb.

क्रिया वास्तविक कर्ता से मेल खाती है; each, quality एकवचन।

Q.1 (e) **Change into indirect speech: (i) He said, "I am sowing wheat." (ii) The officer said to me, "Have you irrigated the field?"** 2 Marks

अप्रत्यक्ष कथन में बदलिए।

Answer (उत्तर)

(i) He said that he was sowing wheat.

(ii) The officer asked me if I had irrigated the field.

(i) am sowing → was sowing (ii) said to → asked; if; have irrigated → had irrigated

Rules (नियम)

- Past reporting verb: present → past
  काल परिवर्तन
- Pronouns change by person
  सर्वनाम परिवर्तन
- Yes/no question: asked + if / whether
  प्रश्न में asked + if

SECTION B

Short Answer Type Questions

लघु उत्तरीय प्रश्न

Attempt any four out of six questions. Each carries 5 marks. (All six solved here)

छः में से किन्हीं चार प्रश्नों के उत्तर दीजिए; प्रत्येक 5 अंक। (यहाँ सभी हल)

4 × 5 = 20 Marks

Q.2 Read the passage and answer the questions that follow. — 5 Marks

गद्यांश पढ़कर प्रश्नों के उत्तर दीजिए।

Soil is a living resource. A handful of healthy soil contains billions of micro-organisms that break down organic matter and release nutrients for crops. Continuous use of chemical fertilisers without organic manure has reduced the organic carbon of many Indian soils. As a result, crop yields have become stagnant even when farmers apply more fertiliser. To restore soil health, farmers should test their soil regularly, apply balanced fertilisers, add farmyard manure or compost, and grow legumes in rotation. The Soil Health Card scheme helps farmers know the nutrient status of their fields. A healthy soil means a healthy crop, a healthy farmer and a healthy nation.

Question	Answer
1. Why is soil called a living resource?	Because it contains billions of micro-organisms that decompose organic matter and release nutrients.
2. What has reduced organic carbon of soils?	Continuous use of chemical fertilisers without organic manure.
3. Give two ways to restore soil health.	Regular soil testing and adding FYM / compost (also balanced fertilisers, legume rotation).
4. Which scheme tells the nutrient status of fields?	The Soil Health Card scheme.
5. Give a suitable title; antonym of "stagnant".	Title: "Healthy Soil, Healthy Nation"; antonym: growing / progressive.

Q.3 **Differentiate homonyms and homophones with examples. Use the often confused words in sentences: affect / effect, advice / advise, loose / lose.** **5 Marks**

समरूप व समध्वनि शब्दों में अंतर; भ्रमित करने वाले शब्दों का प्रयोग।

Homonyms vs homophones (समरूपी बनाम समध्वनि)

- Homonyms: same spelling and sound, different meaning - *bank* (river bank / money bank), *bear* (animal / tolerate).
  समरूपी: वर्तनी व ध्वनि समान, अर्थ अलग।
- Homophones: same sound, different spelling and meaning - *sea / see*, *flour / flower*, *plain / plane*.
  समध्वनि: ध्वनि समान, वर्तनी अलग।

Word	Sentence
Affect (verb)	Drought will affect the rice crop.
Effect (noun)	The effect of mulching was clear.
Advice (noun)	Follow the advice of the KVK scientist.
Advise (verb)	I advise you to test your soil.
Loose (adj.)	The soil is loose after ploughing.
Lose (verb)	Farmers lose money in floods.

Q.4 Transform the sentences as directed (five sentences). 5 Marks

निर्देशानुसार वाक्य रूपांतरित कीजिए।

Given sentence	Direction	Transformed sentence
Only farmers attended the meeting.	Negative	None but farmers attended the meeting.
He is too weak to work in the field.	Remove "too"	He is so weak that he cannot work in the field.
The crop is very good.	Exclamatory	What a good crop it is!
The farmer ploughs the field.	Passive voice	The field is ploughed by the farmer.
As soon as it rained, farmers began sowing.	"No sooner ... than"	No sooner did it rain than farmers began sowing.

Tip: transformation changes the form of a sentence without changing its meaning.

रूपांतरण में अर्थ नहीं बदलता, केवल वाक्य का रूप बदलता है।

Q.5 Combine each set of sentences into one sentence (synthesis). — 5 Marks

वाक्यों को मिलाकर एक वाक्य बनाइए।

Sentences	Combined sentence
He worked hard. He passed the examination.	Having worked hard, he passed the examination.
The farmer is poor. He is honest.	The farmer is poor but honest.
This is the field. My father bought it last year.	This is the field which my father bought last year.
It rained heavily. The crop was damaged.	The crop was damaged because it rained heavily.
You must irrigate the crop. Otherwise it will dry.	Unless you irrigate the crop, it will dry.

Methods: participle, conjunction (and, but, because, unless), relative pronoun (who, which, that).

विधियाँ: कृदंत, संयोजक, संबंधवाचक सर्वनाम।

Q.6 Write a job application for the post of Agriculture Technical Assistant. 5 Marks

कृषि तकनीकी सहायक पद हेतु आवेदन पत्र लिखिए।

Job application

To
The Director, Department of Agriculture, Lucknow, Uttar Pradesh
Date: 08 November 2026
Subject: Application for the post of Agriculture Technical Assistant
Sir,
In response to your advertisement in *Amar Ujala* dated 2 November 2026, I wish to apply for the post of Agriculture Technical Assistant. I have completed B.Sc. (Hons.) Agriculture with 78% marks and have six months of field training at a Krishi Vigyan Kendra in soil testing and crop advisory.
I am hard-working, can communicate with farmers in Hindi and English, and can use computer tools. My curriculum vitae is enclosed. I request you to kindly give me an opportunity for interview.
Yours faithfully,
(Signature)
Name, address, mobile, e-mail | Enclosure: CV, certificates

Format points (प्रारूप)

- Sender / receiver address, date
  पता, दिनांक
- Clear subject line
  स्पष्ट विषय
- Reference to advertisement
  विज्ञापन का संदर्भ
- Qualification, skills, request
  योग्यता, कौशल, निवेदन
- Formal closing + enclosures
  औपचारिक समापन

Q.7 Make a précis of the following passage and give it a suitable title.

5 Marks

गद्यांश का सारांश (प्रेसी) लिखिए और उपयुक्त शीर्षक दीजिए।

Water is the most important input in agriculture. Nearly half of the cultivated area of India still depends on rainfall, and the uneven distribution of monsoon causes drought in some regions and floods in others. Excessive pumping of groundwater for paddy and sugarcane has lowered the water table in many states. Farmers must therefore use water wisely. Micro-irrigation methods such as drip and sprinkler save a large amount of water and increase yield. Rainwater harvesting, farm ponds and mulching also conserve moisture. If every drop of water is used carefully, Indian agriculture can remain productive even in years of poor rainfall.

(about 115 words)

Précis (सारांश)

Title: Wise Use of Water in Agriculture

Water is vital for Indian agriculture, which largely depends on uneven monsoon rains. Over-pumping of groundwater has lowered the water table. Drip and sprinkler irrigation, rainwater harvesting, farm ponds and mulching can save water and keep farming productive even in dry years. (about 45 words)

मूल का लगभग एक-तिहाई, अपने शब्दों में, शीर्षक सहित।

Steps (चरण)

- Read twice, find main idea
  मुख्य विचार
- One-third length, own words
  एक-तिहाई, अपने शब्द
- No examples / repetition
  उदाहरण व दोहराव नहीं
- Give a short title
  छोटा शीर्षक

SECTION C

Long Answer Type Questions

दीर्घ उत्तरीय प्रश्न

Attempt any two out of four questions. Each carries 10 marks. (All four solved here)

चार में से किन्हीं दो प्रश्नों के उत्तर दीजिए; प्रत्येक 10 अंक। (यहाँ सभी हल)

2 × 10 = 20 Marks

Q.8 **What is the importance of professional writing? Prepare a Curriculum Vitae (CV) of a fresh B.Sc. Agriculture graduate.** **10 Marks**

व्यावसायिक लेखन का महत्व बताइए तथा नए कृषि स्नातक का बायोडाटा (CV) तैयार कीजिए।

Importance of professional writing (व्यावसायिक लेखन का महत्व)

- Creates a good first impression on employers, officers and clients.
  अच्छी प्रथम छाप।
- Gives clear, correct and brief information; avoids confusion.
  स्पष्ट, सही व संक्षिप्त जानकारी।
- Serves as a permanent record (reports, letters, proposals).
  स्थायी अभिलेख।
- Essential for jobs, research, extension and funding. 7 Cs: clear, concise, concrete, correct, coherent, complete, courteous.
  नौकरी, शोध, प्रसार में आवश्यक; 7 C।

CV (Curriculum Vitae) is a written summary of a person's education, skills, experience and achievements, sent with a job application. A good CV is one to two pages, truthful, in reverse chronological order.

CV व्यक्ति की शिक्षा, कौशल व अनुभव का लिखित सारांश है; 1 - 2 पेज, सत्य, नवीनतम पहले।

Q.8 Sample Curriculum Vitae
बायोडाटा का नमूना

contd.

CURRICULUM VITAE

RAHUL KUMAR | Village Sahjanwa, Gorakhpur (U.P.) | +91 9XXXXXXXXX | rahul.agri@email.com

Career objective: To work as an agriculture professional and help farmers adopt scientific practices.

Education: B.Sc. (Hons.) Agriculture, 2026 - 78% · Intermediate (PCB), 2022 - 82% · High School, 2020 - 85%

Training / experience: RAWE - 6 months at KVK (soil testing, crop advisory); internship in a vermicompost unit.

Skills: Soil and seed testing, MS Office, data entry, communication in Hindi and English, two-wheeler driving.

Achievements: First prize in college quiz; NSS volunteer; participated in Kisan Mela.

Personal details: Date of birth, father's name, languages known.

Declaration: I hereby declare that the above information is true. Place, Date, Signature

CV tips (सुझाव)

- Contact details at top
  संपर्क ऊपर
- Objective in one line
  एक पंक्ति का उद्देश्य
- Latest qualification first
  नवीनतम योग्यता पहले
- Skills relevant to the job
  पद के अनुसार कौशल
- No spelling errors; simple font
  वर्तनी त्रुटि नहीं

Q.9 **(a) Write a paragraph on "Role of Youth in Agriculture" (about 120 words). (b) Write a report on the Kisan Mela organised in your college.** **10 Marks**

(क) "कृषि में युवाओं की भूमिका" पर अनुच्छेद (ख) महाविद्यालय में आयोजित किसान मेले पर रिपोर्ट लिखिए।

(a) Role of Youth in Agriculture (कृषि में युवाओं की भूमिका)

India is a young nation, and its youth can change the face of agriculture. Educated young people can bring new technology such as drones, drip irrigation, soil testing and mobile advisory to villages. They can start agri-startups, farmer producer organisations, food processing units and nurseries, creating jobs instead of seeking them. By linking farmers to markets through digital platforms, they can raise farm income. Youth can also promote natural farming and conserve soil and water for the future. With support from schemes like ACABC and start-up funding, young minds can make farming profitable, respected and sustainable. Agriculture needs the energy and ideas of youth more than ever.

युवा तकनीक, स्टार्टअप, FPO व डिजिटल विपणन से कृषि को लाभदायक व टिकाऊ बना सकते हैं।

Good paragraph (अच्छा अनुच्छेद)

- Topic sentence first
  पहला वाक्य विषय बताए
- Supporting ideas, one theme
  एक ही विषय
- Logical links (unity, coherence)
  एकता व सुसंगति
- Concluding sentence
  समापन वाक्य

Q.9 (b) Report on Kisan Mela
(ख) किसान मेले पर रिपोर्ट

contd.

Kisan Mela Held at College Campus

By our Staff Reporter, Gorakhpur, 6 November 2026

A two-day Kisan Mela was organised at the college farm on 4 - 5 November 2026 to spread modern farming technology. The fair was inaugurated by the District Magistrate in the presence of the Principal, scientists and about 2,000 farmers.

Stalls displayed improved seeds of wheat and mustard, bio-fertilisers, drip irrigation, farm machinery and vermicompost units. Free soil testing and a farmer-scientist interaction were the main attractions. Students explained natural farming models and showed crop disorders through charts.

Progressive farmers were honoured for high yields. The Mela ended with a vote of thanks by the convener. Farmers found it very useful and requested that it be held every year.

Report format (रिपोर्ट प्रारूप)

- Heading (title)
  शीर्षक
- By-line: reporter, place, date
  संवाददाता, स्थान, दिनांक
- What, when, where, who, why
  क्या, कब, कहाँ, कौन, क्यों
- Main events in past tense
  भूतकाल में मुख्य घटनाएँ
- Conclusion / impact
  निष्कर्ष

Q.10 **What is a synopsis? Write a synopsis (research proposal) on "Effect of vermicompost on growth and yield of wheat".** **10 Marks**

सिनॉप्सिस क्या है? "गेहूँ की वृद्धि व उपज पर वर्मीकम्पोस्ट का प्रभाव" विषय पर सिनॉप्सिस लिखिए।

Synopsis / proposal (सिनॉप्सिस / प्रस्ताव)

A synopsis is a brief written plan of a proposed research work that explains what will be studied, why, and how. A proposal is a formal document requesting approval or funds for a project. Both are submitted to the advisory committee or funding agency before starting work.

प्रस्तावित शोध की संक्षिप्त लिखित योजना - क्या, क्यों और कैसे; प्रस्ताव में स्वीकृति या धन का अनुरोध।

Part	Content
Title	Clear, specific
Introduction	Background, problem, need
Objectives	2 - 4 specific aims
Review of literature	Past work, gaps
Materials and methods	Site, design, treatments, observations
Expected outcome	Likely benefit
References	Cited sources (APA)

Q.10 Sample synopsis
सिनॉप्सिस का नमूना

contd.

Effect of Vermicompost on Growth and Yield of Wheat (*Triticum aestivum* L.)

Introduction: Continuous use of chemical fertilisers has lowered soil organic carbon. Vermicompost is a nutrient-rich organic manure that may improve soil health and wheat yield.

Objectives: (1) To study the effect of vermicompost levels on growth and yield of wheat. (2) To assess changes in soil properties. (3) To work out the economics of treatments.

Materials and methods: Field experiment in Randomised Block Design (RBD) with 3 replications during rabi; treatments: T1 control, T2 100% RDF, T3 vermicompost 5 t/ha, T4 vermicompost 2.5 t/ha + 50% RDF, T5 vermicompost 5 t/ha + 50% RDF. Observations: plant height, tillers, grain and straw yield, soil OC, N, P, K. Data analysed by ANOVA.

Expected outcome: Integrated use of vermicompost with reduced fertiliser is expected to give comparable yield with better soil health.

References: listed in APA style (only real, verified sources).

Q.11 What is an interview? Describe its kinds, importance and process.

10 Marks

साक्षात्कार क्या है? इसके प्रकार, महत्व एवं प्रक्रिया का वर्णन कीजिए।

An interview is a formal, face-to-face (or online) conversation in which the interviewer asks questions to judge the knowledge, skills and personality of the candidate.

साक्षात्कार एक औपचारिक वार्तालाप है जिसमें प्रश्नों द्वारा उम्मीदवार के ज्ञान, कौशल व व्यक्तित्व का आकलन होता है।

Kind	Feature
Job / selection interview	For recruitment (e.g., bank AFO, AGTA)
Panel / board interview	Several experts ask questions
Telephonic / online interview	Screening through phone or video call
Group discussion + interview	Judges team and leadership skills
Stress interview	Tests calmness under pressure
Exit / appraisal interview	When leaving job or for promotion
Research / survey interview	Collect information from farmers

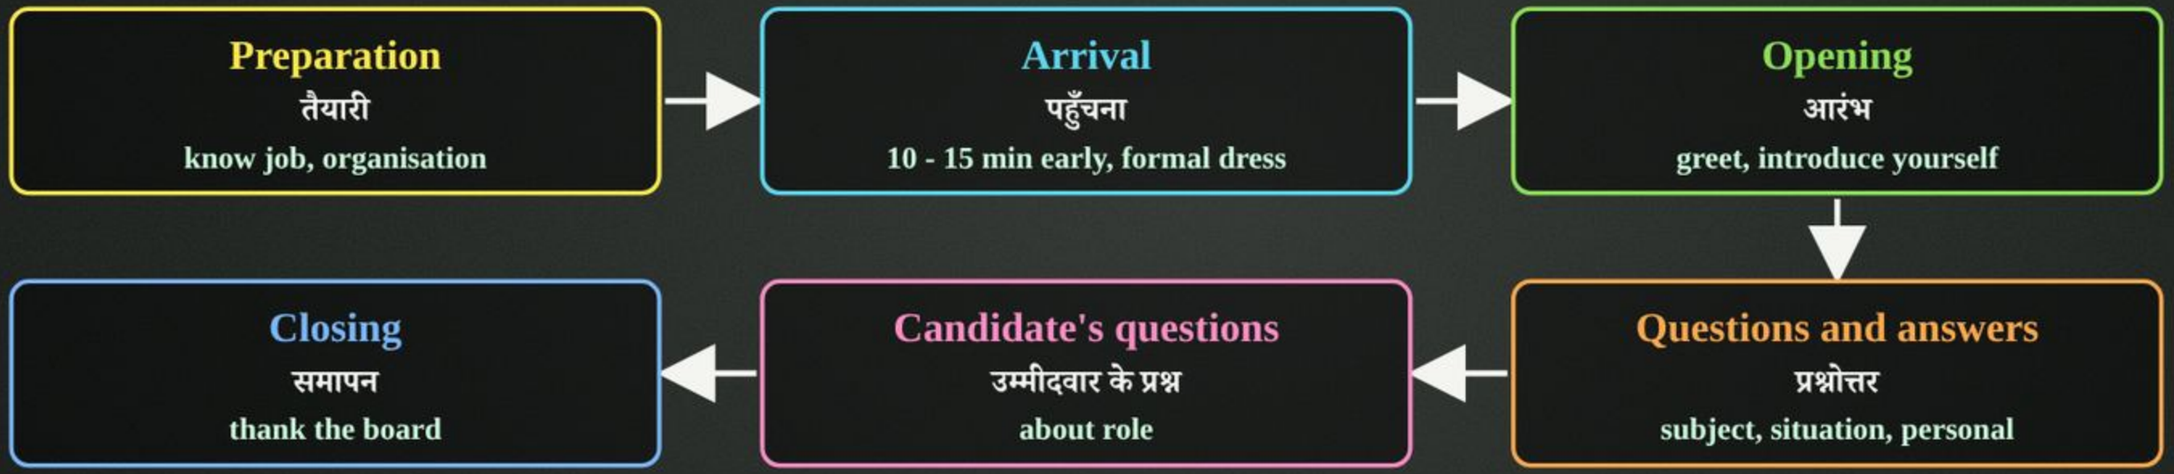

Importance (महत्व)

- Selects the right person
  सही व्यक्ति का चयन
- Checks communication, attitude
  संप्रेषण व व्यवहार की जाँच
- Two-way information
  दोनों पक्षों को जानकारी
- Builds confidence of candidate
  आत्मविश्वास

Q.11 Process of interview and tips for success

contd.

साक्षात्कार की प्रक्रिया व सफलता के सुझाव

Tips (सुझाव)

- Revise your subject and current agriculture schemes.
  विषय व योजनाएँ दोहराएँ।
- Speak clearly, keep eye contact, sit straight.
  स्पष्ट बोलें, आँख से संपर्क।
- Be honest; say "I do not know" politely if needed.
  ईमानदार रहें।

Conclusion (निष्कर्ष)

Good preparation and confident communication are the keys to a successful interview.

अच्छी तैयारी व आत्मविश्वास ही सफलता की कुंजी।
